

WEEK 6 | EXAM MODE

Four sessions of 60 minutes. All IDs continue into the Answer Book and Error Tracker.

Keep aids closed during timed work. Use a separate timer. The full writing block in Day 2 lasts 50 minutes; correction starts only after the block ends.

W6D1 - DAY 1 | 60 MIN

Plan and self-check inside each writing task time. Use the correction period for a targeted revision, not a complete second draft.

W6D1-E02 | WRITING PART 2 | 7 min

You are a member of a science club.

W6D1-E02-Q01 | 20-30 words

Explain which everyday scientific question you would like to investigate and why.

W6D1-E03 | WRITING PART 4 | 30 min

You are a member of a science club.

Announcement

The next public demonstration has produced inconsistent results. The organiser is considering replacing it with a more reliable demonstration or showing the uncertainty openly.

W6D1-E03-Q01 | 40-50 words

Email a friend who is also a member. Share your preference with a friend and suggest how you could help prepare.

W6D1-E03-Q02 | 120-150 words

Email the organiser. Recommend a course of action, considering visitors' understanding and the club's credibility. Request any preparation needed to make it work.

Use the remaining 18 minutes: check the key and underline evidence for wrong objective answers; improve one weak sentence or re-record one speaking response; record up to three priority errors with these exact IDs. At the next session, cover the corrections and retrieve them before rereading.

W6D2 - DAY 2 | 60 MIN

Writing is one uninterrupted 50-minute block after the 5-minute vocabulary task. Use 3/7/10/30 minutes as a guide; keep answers and models closed until the block ends.

Should a group comment on unfinished drafts or only complete pieces?

W6D2-E03 | WRITING PART 4 | 30 min

You have joined a creative writing circle.

Announcement

From next month, members must send drafts a week before meetings. Each participant will comment on two drafts selected by the facilitator rather than choosing freely.

W6D2-E03-Q01 | 40-50 words

Email a friend who is also a member. Tell a friend how you will organise your draft and ask to discuss one specific concern.

W6D2-E03-Q02 | 120-150 words

Email the organiser. Evaluate the advance deadline and assigned feedback, then suggest an adjustment for members who occasionally miss the deadline.

Use the remaining 5 minutes: check the key and underline evidence for wrong objective answers; improve one weak sentence or re-record one speaking response; record up to three priority errors with these exact IDs. At the next session, cover the corrections and retrieve them before rereading.

W6D3 - DAY 3 | 60 MIN

After the first speaking run, use part of the correction period to listen back and repeat the weakest response once. Keep the original recording for comparison.

W6D3-E02 | WHEN A TRANSLATION BECOMES A LOCAL PRODUCT | 14 min

Match seven paragraphs to seven of the eight headings. Use each selected heading once; one is extra.

A. Space imposes a hidden constraint

B. A joke is replaced to preserve its effect

C. Consistency is not identical wording

D. Changes must travel back to the source

E. Review without context has limits

F. Words are only one layer

G. Quality is judged through use

H. The disappearance of all regional differences

1. A game translated into another language may still feel unfamiliar. Its jokes, instructions and assumptions about politeness can depend on the culture in which it was written. Localisation teams therefore examine what a player is expected to understand, rather than treating every sentence as an isolated piece of vocabulary.

2. A button that comfortably holds a short English verb may be too narrow for its translated equivalent. Shrinking the font can make the interface unreadable. Translators and designers may need to choose a different phrase or resize the element, so a linguistic decision becomes a layout decision as well.

3. One puzzle relied on two English words sounding alike. A literal translation would preserve the words while destroying the clue. The local team wrote a different sound-based joke that led to the same solution. In this case, changing the surface wording was necessary to retain the player's experience.

4. Characters may address a player differently depending on their relationship. Forcing every speaker to use the same polite form can flatten those distinctions. A terminology guide needs to separate technical consistency from character voice; otherwise a tool intended to prevent confusion may make the dialogue less believable.

5. A reviewer reading a spreadsheet may approve a sentence that sounds wrong when spoken during a fast-moving scene. The line might be too long, or it may reveal information before the player sees the relevant object. Testing the translated version inside the game exposes problems that language review alone cannot.

6. When a developer alters an instruction, every affected language version needs the update. If teams exchange separate files without tracking changes, an old warning may survive in one version. A shared record of decisions protects accuracy more effectively than relying on each translator's memory of previous discussions.

7. Players rarely praise an instruction for having been translated correctly. They simply follow it. Successful localisation often goes unnoticed because nothing interrupts the activity. That invisibility should not be confused with a lack of creative work: it may be the result of many small, carefully coordinated departures from literal wording.

W6D3-E02-Q01 Paragraph 1: select its main heading. _____

W6D3-E02-Q02 Paragraph 2: select its main heading. _____

W6D3-E02-Q03 Paragraph 3: select its main heading. _____

1. Describe the photograph.
2. Tell me about an occasion when you helped improve a shared place.
3. What can motivate people to volunteer?

W6D3-E03-Q03 | Part 3

Photo A: Workers are repairing an old wooden bench in a park.

Photo B: A delivery team is unloading new metal benches from a van.

1. Compare the photographs.
2. What factors might influence a decision to repair or replace the benches?
3. Should public organisations always choose the cheapest option?

W6D3-E03-Q04 | Part 4

1. Tell me about a time you changed a habit for practical or environmental reasons.
2. What made the change easier or harder?
3. How can people judge whether a well-intended change is actually useful?

Preparation notes:

Self-check: ☐ every prompt ☐ reason/example ☐ clear organisation ☐ intelligible ☐ within time

Use the remaining 29 minutes: check the key and underline evidence for wrong objective answers; improve one weak sentence or re-record one speaking response; record up to three priority errors with these exact IDs. At the next session, cover the corrections and retrieve them before rereading.
